## Enterprise SOP-SMP Application System Launched at VSP

The SOP-SMP (Standard Operating Procedure--Standard Maintenance Procedure) Enterprise Application System has been developed jointly by IT&ERP Department and Technical Training Institute (TTI).

PhotoCaption:

The system was launched by Sri K V Vidya Sagar, Executive Director (works) I/c RINL today at TTI in presence of Sri KVSS Rajeswara Rao, GM(IT&ERP), Sri Anthony, AGM (TTI) and other senior officers from VSP. The new system helps in digitizing of SOPs and SMPs of all the equipment of all the departments so that these can be tracked and referred online as per the requirement. The Application shows the standard operating procedure and standard maintenance procedure of all the equipment in the form Job Card and Control Document, Safe Working Procedure Details, Isolation Procedure Details and Job Procedure Details. The Application has facility of Uploading as well as Downloading of SOP/SMPs and MIS Reports. Users from all the department can generate SMPs and SOPs on-line. The data gets stored safely in a well structured manner in centralized database which can be viewed, edited, uploaded, downloaded anytime, anywhere in the plant by anybody having access to it. The application has been developed by Sri A P Sahu and Sri VLP Lal of IT&ERP in collaboration with a team from Technical Training Institute of VSP. System facilitates to maintain softcopy of standard procedures/practices. Photo caption: Sri K V Vidya Sagar, Executive Director (works) I/c RINL launching the new system today.
